

# A HAPPY NEW YEAR TO YOU ALL.

We have just received a shipment of baby carriages. We consider these three the very best carriages on the market for country roads. They are the famous Whitney Make.

## Things in General.

A happy New Year to You.

Going to swear off again.

A prosperous New Year to all.

Get ready for those resolutions.

Make a resolution that you will pay up your debts at once.

Winter has made its appearance in dead earnest. Cold as the mischief, but very little snow.

The sheep men and farmers are anxiously waiting for snow to fall. If it does not come soon it will mean a heavy loss to them.

Just glance at the "Notice of Sale for Special Taxes" is your name there? If so better see about the matter.

Several of papers still assert that the Utah Midland will begin grading about January 10th. Hope the reports are true.

Roy Wood and wife are very proud of the fact that a beautiful baby girl was ushered into the family circle recently.

How many drinks have you had the past year? Total them up and times them by 15 cents and you will know exactly the amount of money you have squandered.

The stork visited the residence of Julius Rosenberg Monday and left with the family a baby boy, who is receiving all the attentions due such personages.

The new county officers elected in November will take their offices on the first of the month. Better wait till they have served a day or two before you begin to kick at them.

The Southern Utah Publishing & Printing Co., The Iron County Telephone Co., The Cedar Farm and Live Stock Co., and the Bank of Southern Utah will each hold annual meetings along about the 9th or 10th of January.

Miss Carrie Wallace of Toquerville is here visiting with her sister, Mrs. Joey Perkins.

Uncle John Urie was visiting in town last Tuesday. He is feeling as jolly as ever and enjoyed meeting his friends once again.

Miss Janey Wilkinson is home for the holidays. She has been teaching school in Rockville, and will return to resume her duties immediately after the New Year.

Bud Heyborn was seen on the streets Monday. He came from Idaho to spend a few days with his parents during the holiday week. He was looking well and feeling fine, and took a great pleasure in meeting many of his old time friends.

## Changes in Local Postoffice.

January first will usher in a number of changes and improvements in the Cedar City post-office. On that date the office will be advanced to the Presidential Class, it will be made an international as well as a domestic money-order office; the forms of money orders of all offices in the United States will be changed, the carbon sheet advice being done away with, and a coupon, which will be mailed with the order to the payee will be substituted. The forms of a great many of the records and accounts of post-offices will be changed, with the object of eliminating red-tape and getting the postal department on an economical and consistent business principles as employed by banks.

Patrons of the office will doubtless greatly appreciate the facilities now provided for procuring inter-national money-orders without sending away for them.

Postmaster Wilkinson is to be congratulated upon the steady increase of business that has accrued to the office during his administration, and which has now culminated in its advancement from the fourth to the third class.

## Market Improved.

Kansas City Stock Yards, Dec. 23, 1910. Cattle here this week 31,000. The market has improved a little each day this week, and nearly everything is 15 to 30 cents higher than a week ago. Only 1000 cattle arrived to-day, but they sold quickly at strong to 10 higher prices. The big fire in the Morris Plant at Chicago yesterday will cause that firm to increase their killing here, and the good market to-day was because of the keen buying of that house. Receipts each day have been a little under demand, and while prices are higher as a result, it is plain that a few too many cattle would quickly turn the tide the other way. Top yearlings this week bought \$6.60, best heavy steers at \$6.15 to \$6.35. Bulk of the steers now sell at \$5.50 to \$6.00. Cows sell at \$3.25 to \$5.00, heifers up to \$6.00. Range cattle have been scarce this week.
